Representatives are responsible for supervising that games get played; scores are recorded; rosters reviewed; problems, complaints and concerns handled; and rules are adhered to. If problems are not resolved, they will be taken to the president and then to the Board for resolution. Infractions must first be brought to the rep's attention. Board members may contact anyone directly to obtain 1<sup>st</sup> person accounts of the issue to be resolved. The Representative will be contacted with the decision of the Board. All decisions of the Board will be final.

All rules not covered herein, please refer to the current ASA Official Fast Pitch Softball Rules for Women.

Player eligibility will be based upon the player's age as of January 1<sup>st</sup> of the current year. If a player plays college softball, they are unable to play Class B softball.

Players are permitted to play up in an age bracket but **CANNOT** be pulled down or pulled across in an age bracket to field a team. The player being pulled up can play anywhere on the field (there are no restrictions).

For 10U, 12U and 14U teams, a maximum of 3 players can be double-rostered. For 18U, the most is 5.

Maximum roster is 15, unless waived because of special circumstances.

No out-of-area players allowed starting in the year 2011. If there is not an ASA team in the player's area, the player can leave the district and play for another district.

A roster of 8 players is required to start and finish a game. If a team cannot field 8 players, the game will be recorded as a forfeit. A **15-minute grace** period will be allowed to produce needed players before a forfeit is recorded. You can call up players when needed. If you start the game with 8 players, the absent 9<sup>th</sup> player is **NOT** recorded as an out.

In the event of a tie game at the conclusion of the last regulation inning, the International Tie Breaker rule will apply. The next scheduled inning of play will begin with an offensive player on 2<sup>nd</sup> base. This player will be the last legal player who batted in the previous inning. Each teams' turn at bat will continue in this manner until a game-winning score is registered. The home team will have the opportunity to bat at the bottom of each inning. If the game is called due to darkness, the game will be recorded as a tie. Each team will be awarded 2 points. **During the playoffs, the International Tie Breaker rule will not apply.**

12U, 14U, 18U -- A 2-hour time limit will apply to all games during the school year. No new inning will begin after the two hour mark. Once an inning is started, it will be finished. The final inning will be completed after it is started, meaning both teams will play offense and defense. No time limit on weekends unless stated by the home team at ground rules due to a game following.

If a player is injured and cannot bat and play the field for any reason, the player will be removed from the game and cannot re-enter the game in any position. The vacated batting position is NOT recorded as an out unless the player was ejected from the game. If a player leaves the game for personal reasons, the batting position will be recorded as an out.

If a player is late for the start of a game and you intend to play her when she arrives, she must be placed in the lineup at the start of the game. If the player has not arrived and it is her turn to bat, she is an out in the inning and each consecutive inning until she arrives or she must be removed from the lineup. **A player cannot be added to the lineup after the game has started.**

Team members are to wear their issued uniform, which must include a numbered jersey. Players are to remain on the bench when not on the playing field. Catchers must wear helmets with a facemask and an attached throat protector as well as a chest protector and shin guards. Defensive facemasks are voluntary to each organization. All batters and base runners must wear an approved batting helmet with a **protective facemask**. Chinstraps are voluntary. The helmet must be worn securely at all times while on the field. If a helmet is not worn securely and the player loses the helmet while running, the player will be declared out and all play stops. Runners will return to the base occupied before the play started. Refusal to wear a helmet will result in the player being called out and ejected from the game. The batting order will continue. Batting helmet cannot be removed by the runner until in the dugout area. Helmets dislodged due to contact with other players, the player is not called out.

The home team manager is to provide at least 1 **new** Alle-Kiski softball for each game (safety for 8U, 11 inch for 10u, 12 inch for all others). The home team manager is responsible for having the field ready for the game and cleared of any obstructions that are a hazard to the players or might interfere with play. An 8-foot circle is to be drawn around the pitcher's rubber. A double first base is MANDATORY.

Year 2004 or above ASA stamped softball bats only.

All teams must use the designated Alle-Kiski softball. **No** other balls can be used.

The traveling or away team should be at the field at least 20 minutes prior to game time. If conditions permit, the home team will provide the traveling team 15 minutes field time to warm up the players. Both teams should not warm up on the same field at the same time.

Prior to start of the game, all judgments regarding weather or field conditions will be the responsibility of the home team manager. After the game has started, all judgments regarding weather or field conditions will be the responsibility of the plate umpire. In no event will a game continue if there is lightning sighted or thunder heard. The game will be stopped immediately and all participants are to leave the playing field to seek shelter. The plate umpire will determine if a game is to be stopped because of weather conditions. If the game is stopped, both team managers and the plate umpire will confer if the game should be cancelled or continued. The plate umpire will have the final decision regarding continuation of play.

If a game is started, and cannot be finished due to weather, the umpire will sign the scorebook and the game will start right where it is stopped. However, if the game in progress did not make it past one full complete inning, the game will be restarted when it is played next.

Before each game, the umpire will issue a bench warning to the team managers regarding thrown bats. If, in the umpire's opinion, a player intentionally throws a bat, that player will be ejected from the game and declared out. Play will be stopped and all base runners will be returned to the base last held at the time of the infraction. The player will be removed from the roster and the batting order will continue. The player will be recorded as an out each time she is to bat for the remainder of the game. The umpire will give no courtesy warnings once the game has started.

Batters must attempt to get out of the way of the pitch. If batter does not attempt to move, the batter will not advance to 1<sup>st</sup> base.

If a close play is being made at any base (umpire's judgment), the runner **MUST** slide into the base (avoid contact at all cost). If the runner does not slide and there is contact, she will be called out. Additionally, 15U and 18U may slide headfirst. 12U, 10U, and 8U are not permitted to slide headfirst. If a girl in the lower age bracket slides headfirst, she will be given a warning. After the first warning, the girl will be called out for each following infraction of the rule.

Continuous batting order is in effect for all age brackets.

The team at bat may use a courtesy runner for the pitcher or catcher at any time. Courtesy runner is the player who made the last out.

Metal cleats are only approved for 18U.

Jewelry shall be defined as rings, bracelets, watches, earrings, and necklaces. The umpire in charge will determine if the jewelry being worn can be hazardous to the player. If, in the umpire's judgment, the jewelry is a hazard, the player will be instructed to remove the jewelry. If the player refuses to remove the jewelry, the player will be ejected from the game. The player will be recorded as an out and all play will stop. The player will be removed from the lineup and the batting order will continue. Players are permitted to wear a medical identification bracelet/necklace.

Team rosters must be submitted to the league secretary **prior to the start of the season using the designated format found on the website**. Failure to submit a team roster will result in the games being played recorded as **forfeits**. Roster changes must be submitted to the league secretary.

This is rec-league ball and games are to be scheduled all 7 days of the week.

The home team manager will be at the field to meet the umpire and inform them the game has been cancelled. Each batter will receive 7 total pitches. The 7<sup>th</sup> pitch must be hittable and in play. If the 7<sup>th</sup> pitch is a foul ball, another pitch may be thrown. Pitches will continue until the batter strikes out or the ball is hit (for fouls on 7<sup>th</sup> pitch only). If the ball is hittable and the batter isn't swinging, the batter will be called out on the 7<sup>th</sup> pitch.

There are 3 outs per inning. 3 strikes are considered an out. If 3 strikes occur before the 7<sup>th</sup> pitch, the batter is out.

The umpire will address how a coach is expected to pitch at the plate meeting (no lobbing the ball and no arc on the ball). If an umpire deems the coach's pitching unacceptable, the umpire will handle the situation.

Base runners cannot leave the base until the pitched ball has crossed home plate.

Base runners starting at 1<sup>st</sup> or 2<sup>nd</sup> base are entitled to advance or steal only one base per pitch, with liability to be put out. Runners starting from 3<sup>rd</sup> base may not steal or advance home on a passed ball, a wild pitch or a bad throw back to the pitcher but can be put out if they come off of the base. Also, if a defensive player makes a play on any runner, at any base, the runner is entitled to advance at the risk of being put out (example -- runner at third and catcher makes a play).

A runner attempting to advance beyond the one base they are entitled to advance or steal may be put out while between bases. A runner cannot be put out while in contact with a base. After all play ceases and the ball becomes dead, if a runner occupies a base beyond the one the runner was entitled to advance or steal will be returned to the correct base without liability to be put out.

If a batter strikes out and the ball is dropped, the batter is out and cannot advance to 1<sup>st</sup> base, but the ball remains live for the purpose of throwing and advancing runner out. The dropped 3<sup>rd</sup> strike rule does not apply.

If a batter squares around to bunt, the batter is not allowed to pull back and swing.

If both teams have enough players, four outfielders can be used. If one team does not have enough players for four outfielders, then only three outfielders will be used for each team.
